Although dental professionals primarily treat the area in your mouth, health problems that you may have, or medication that you may be taking, could have an important interrelationship with the dentistry you will receive. Thank you for answering the following confidential questions.

### NOTICE TO OUR PATIENTS

### HANDLING OF YOUR INSURANCE

So that you can be clear on how our office handles dental insurance, we wanted to share the following information with you:

Our diagnosis and treatment recommendations for you are based on what is best for your oral health and not based on what your dental insurance plan will cover or will not cover. Your benefits are related to the type of plan chosen by you and your employer. We are not a part of this contract. Often these benefits are not structured to cover the total cost of dental treatment. We will work with you and your primary insurance to get you maximum benefits and provide financial arrangements to allow you to receive your care.

As a courtesy, Winter Park Smiles will bill your insurance company. Should a patient have secondary insurance, we will file with the insurance company; however, it is never a guarantee that the insurance company will make a payment.

If we do not hear from your insurance company within 60 days of billing, the balance will become your responsibility and it is to be paid in full. The responsibility will become yours to collect the reimbursement from your insurance company. A finance charge of 1.5 % will incur at 90 days.

My healthcare information may be disclosed to Winter Park Smiles for the purpose of obtaining payment for services and determining insurance benefits or the benefits payable for related services.

## **CANCELLATION AND BROKEN APPOINTMENT POLICY**

When your appointment is made, a room is reserved, your records are prepared, and special instruments are readied for your visit. We ask that if you must change an appointment, please give us as least **48 BUSINESS HOURS** notice. This courtesy makes it possible to give your reserved room to another patient who would like it. A charge of \$75 will be charged if you do not show up for your scheduled appointment or for repeated cancellations without 48-hour notice.

Repeated cancellations or missed appointments may result in loss of future appointment privileges as well. We feel that our patient's time is valuable.

Except for emergency treatment for another patient, you can expect us to be prompt. We, of course, would appreciate the same courtesy from you.

Our goal is to deliver exceptional care for you and your family in a timely manner, and we appreciate your cooperation by honoring your scheduled appointment times.

Please sign that you have read and understand the above guidelines.
